- Fort A.P. Hill
- Fort Belvoir

339,000

Residents provided with high-quality service

72 M

Gallons of drinking water delivered each day

171

Years of serving residents in the Commonwealth of Virginia

What A Partnership with Virginia American Water Means

Compliance and Process Monitoring is Critical: American Water's water quality professionals and treatment plant operators perform over one million tests each year for about 100 regulated contaminants at our nearly 80 quality control labs.

Access to state-of-the-art Laboratory: We also have access to American Water's Central Laboratory, which supports the company's research and water compliance efforts through sophisticated testing and analysis.

Research and Innovation: Our team of scientists are regularly refining testing procedures, innovating new methods, and setting new standards for detecting potentially new contaminants—even before regulations are in place -and treating emerging contaminants.

Focus on Community Partnerships

- Environmental Grant Program
- Elementary School Art Contests

VAW's 2020-21 Capital Projects...

Thank You

Appendix

More Than A Transaction – It's a Partnership

Economic Development

- Virginia American Water is positioned to help the Town of Cape Charles staff to achieve desired developer growth through existing mechanisms already established. These mechanisms work similarly to those outlined in the Annex Agreements currently in effect in Cape Charles.
- VAW's large customer base also enables the Company to make capital investment while balancing the impact to existing customer rates.

Employees

- Retain existing employees
- Competitive pay, benefits, performance-based compensation, tuition reimbursement
- Opportunities for career advancement, professional development and training
- Access to Employee Training Center located in Virginia.

Community

- Community engagement in areas that are a priority for the town such as schools and civic organizations
- Scholarships, internship opportunities, STEM+H initiatives
- Customer assistance programs
- Access to American Water Charitable Foundation grant programs

Customers and Safety

- Safe, reliable water for community
- PUC regulated ensuring oversight in future rate-making
- 24/7 customer service with local and other bill pay options
- Exceptional track record when it comes to water quality and drinking water regulatory compliance.

Investments

- Increased Property Tax Base
- Sustainable Rate Stabilization – Unique to VAW due to our customer base in Virginia.
- Capital Improvements
- Other Re-occurring sources of revenue potential (Franchise Fees, Permits, etc)
